EDUCATION

Bachelor of Arts in Information Science

Michigan State University, East Lansing, MI

Dean's List: Fall 2023, Spring 2024, Fall 2024, Spring 2025

May 2026

GPA: 3.86/4.0

EXPERIENCE

Game Designer

Voldex Entertainment Ltd | London, United Kingdom

April 2024 - August 2024

- Designed documents of content proposing new ideas and iterations for a live-service game. Tasked with researching other products, addressing current issues to solve, offering insight into potential opportunities, and outlining a minimum viable product.
- Worked with a team of designers, producers, and developers in a remote, online setting using project management software such as Monday.com and GitHub.
- Attended team meetings twice a week to touch base on assigned tasks, offer peer-reviews on documentation, and stay up-to-date on live metrics.
- Communicated with Quality Assurance personnel by assigning testing, discovering flaws, and incorporating acquired knowledge into future design iterations.
- Modified configuration files within the codebase to update numerical values and latest assets.
- Created mock-up UI/UX assets in Figma to include in design documentation.

Delivery Driver

UberEats, DoorDash | Lansing, MI

July 2023 - August 2024

- Trained my time management by navigating to restaurants & grocery stores following optimized routes, local traffic shortcuts, and understood each location's pick-up protocols.
- Strived for maximum customer satisfaction by following requested instructions smoothly and delivering at specified locations in a timely manner.
- Communicated with customers in a professional manner regarding order creation delays, out of stock items, and unfortunate obstacles that arose by keeping them up-to-date and offering alternative options.

SKILLS

HTML & CSS, Git, Figma, Airtable, Trello, Microsoft Office
